Thank you for purchasing our Falmouth foot stool. Assembly of this product requires a Phillips head screwdriver and an Allen wrench.
STEP 1
Read through these instructions thoroughly before beginning assembly. We have found this to be of great value when first assembling this product.

STEP 2
Remove all parts and hardware from packing material. Wooden pieces should be placed on a non-abrasive surface (like the carton or carpet) to prevent damage to the finish.

STEP 3
Identify all parts using diagram on the right.

PARTS LIST:

A  Stool Top            1 pc.
B  Leg Assembly         2 pcs.
C  Stretcher            2 pcs.

STEP 4
Identify and count hardware using diagram on the right.

Assembly of this product requires a Phillips head screwdriver. **This stool is not included.**

DO NOT TIGHTEN HEXAGONAL BOLTS UNTIL COMPLETELY ASSEMBLED.

HARDWARE LIST:

D  Hexagonal Bolt (M6 x 40)        4 pcs.
E  Screw                                      4 pcs.
F  Wood Button                              4 pcs.
G  Allen Wrench                             1 pc.

TOOLS REQUIRED (NOT INCLUDED):

Phillips Head Screw Driver

STEP 5
Place stool top (A) upside down on a non-abrasive surface.

Attach one leg assembly (B) to the rails on the stool top (A) using hexagonal bolts (D). Tighten the bolts slightly on both sides using Allen wrench (G).

**Do not tighten the hexagonal bolts (D) all the way.**
STEP 6
Insert both stretchers (C) into leg assembly (B) as shown on the right.

Note: the shorter side of the stretchers must face the stool top and stretcher screw holes must be pointing to the feet of the legs.

STEP 7
Attach the second leg assembly (B) to stool top (A) rails and both stretchers (C).

Insert hexagonal bolts (D) through both sides of leg assembly (B), to connect to stool top rails. Tighten slightly.  
Do not tighten the hexagonal bolts (D) all the way.

STEP 8
Place the stool upside down.

Insert the screws (E) through all the stretcher holes located on the underside, as shown in the diagram on the right. Tighten all 4 screws all the way using your Phillips head screwdriver so there is a firm connection between the stretchers and both leg assemblies.

When completed, using the Allen wrench, firmly tighten 100% all 4 hexagonal bolts (D).

STEP 9
Insert wood buttons.

Assembly is complete.

CARE
The touch of a soft cloth is all the maintenance your furniture piece will ever need. Never use harsh chemicals or abrasive cleaners, as they could mark or destroy the finish.
