

# Rangeley Maine Bird Hunting Adventure

A one-of-a-kind multi-day bird hunting adventure in Maine's beautiful western mountains

## Packing List & Tips

The detailed list below covers what you need to pack for your upcoming adventure trip, based on over 40 years of L.L.Bean's experience leading outdoor adventures. We look forward to exploring a variety of outdoor activities with you and sharing our love of the great outdoors.

### COME AS YOU ARE

The dress code for Maine and our adventure trip is practical and casual.

### LAYERS

Dressing in layers is the key to staying comfortable in the outdoors. Multiple layers allows flexibility to respond to your activity level and changing weather conditions. We can expect temperatures between 30°F and 50°F.

Your base and middle layers should include wool or synthetic clothing or a combination of both. Please avoid bringing all-cotton clothing. When wet, cotton rapidly robs the heat from your body and takes a long time to dry. Wool or synthetic fabrics are best because they don't absorb water, so they will keep you warm even if they get wet. Synthetic clothing also dries quickly.

For a top layer, we recommend waterproof/breathable rain gear. This gear will protect you from the wind and rain and help keep you dry.

### LUGGAGE

This trip is supported with a 14-passenger bus. We ask that you limit yourself to two medium-sized, soft-sided travel bags plus a small daypack, as space is limited.

### QUESTIONS

If you have any questions about this packing list, please call one of our Adventure Travel Consultants. Also, if you'd like to purchase any L.L.Bean clothing or gear for this trip, our Adventure Consultants are happy to offer suggestions for this adventure.
